

# MOOC on MOOC

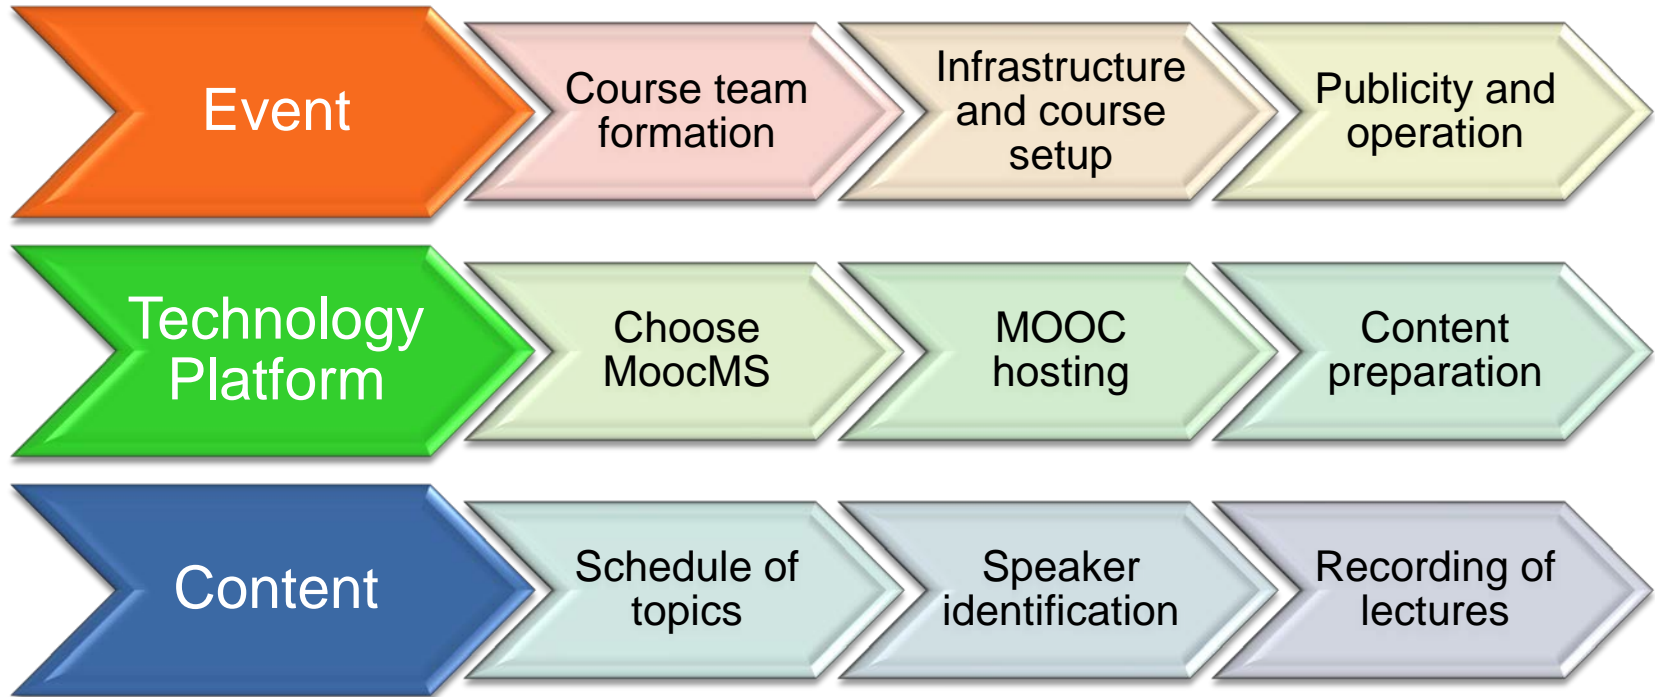

## Running a MOOC

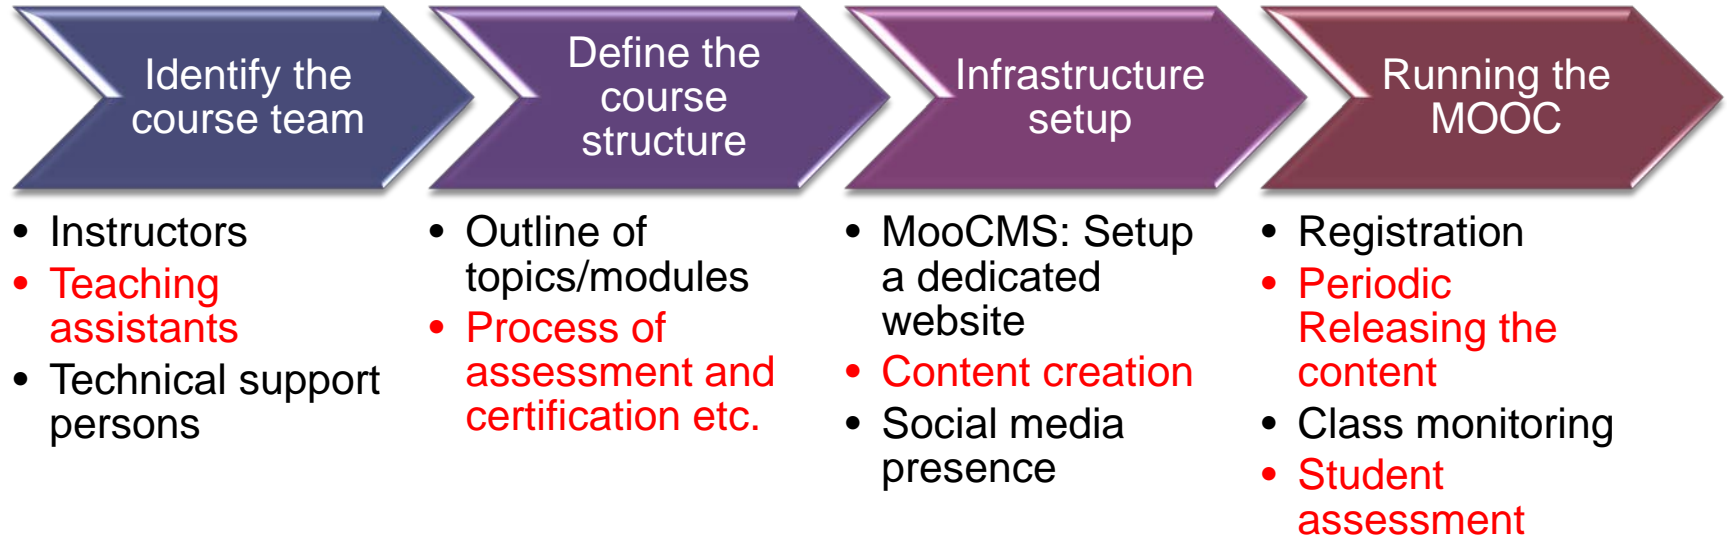

Dr. Balwinder Sodhi  
Asst. Professor, Dept. of CSE, IIT Ropar

# Major Tasks for MOOC Organizers

# Event organization

---

# Technology platform

## Choose a MoocMS

Use an LMS e.g. Sakai, Moodle etc.

Use edX, MOOKIT

Use a hosted solution, e.g., Udemy, Coursera

Use a mashup, e.g., Wordpress + plugins

## Identify MOOC hosting

Use in-house hosting

Use a cloud based or third party hosting

- E.g. Amazon Web Services

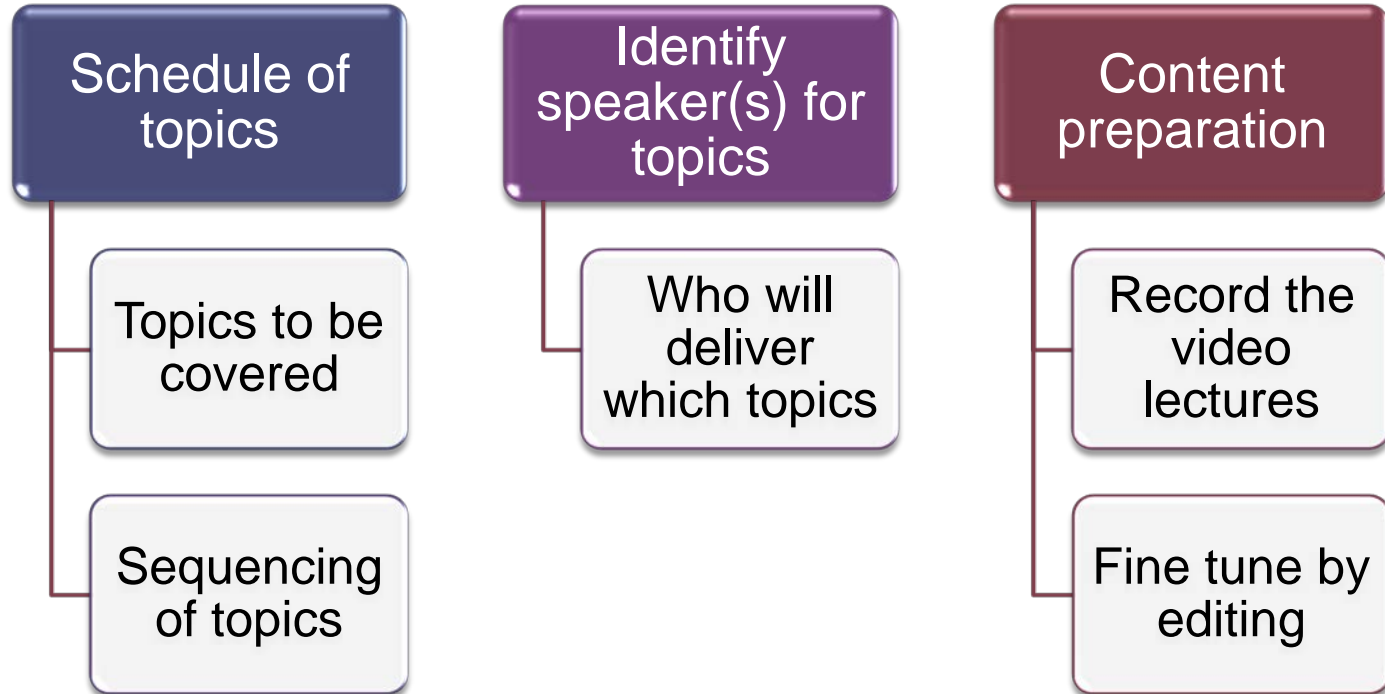

## Content creation tools

Record at a professional studio

Use DIY/Home studio

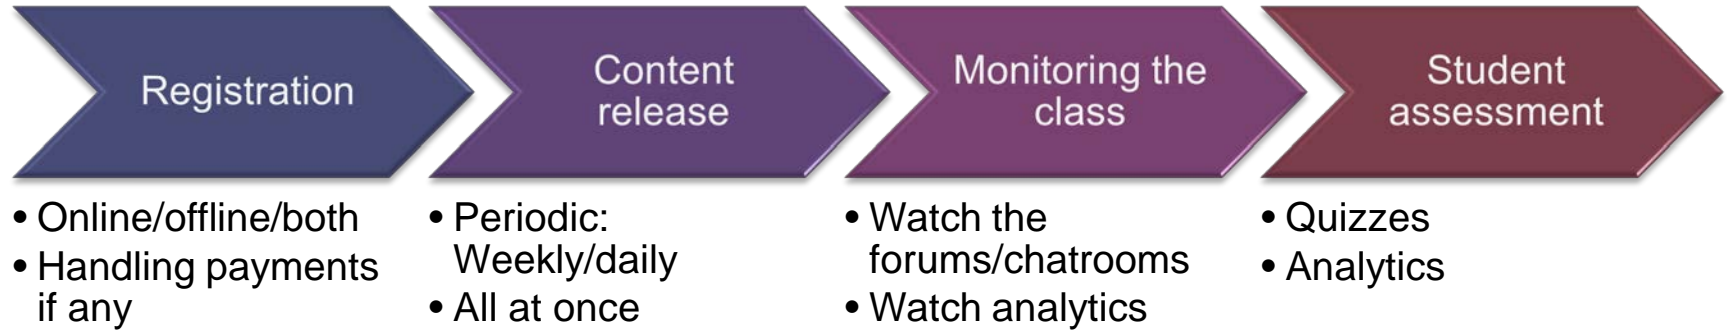

- Hardware and software requirements

# Course content

# Running the MOOC
