

# ONLINE TEACHING FOR EDUCATORS – QUALITY

## ASSURANCE STEPS

Context: Eswatini, Covid-19, continued teaching and learning,  
400+ participants, 5 cohorts

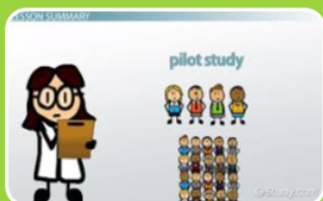

**A continuous and iterative process**

### Step 1: Plan, design and develop

- Collaborative process – regular meetings throughout the process
- Drafts shared, reviewed, edited and revised
- Input from colleagues and experts (internal and external)

### Step 2: Pilot

- Surveys (all stakeholders): at start and end of course
- Surveys (all stakeholders): at start and end of each module
- Pilot study findings analysed, discussed and recommendations made
- Suggested improvements implemented

### Step 3: Implement

- Surveys (learners): at start and end of course
- Surveys (learners): at start and end of module
- Use of WhatsApp group to collect comments and suggestions
- Improvements implemented along the way

### Step 4: Review and revise

- All data gathered throughout the process is reviewed
- Recommendations are made
- Module delivery and content is revised and updated.
